Fort St. George, May 25, 1924 (G.O. No. 441, Finance).

No. 152.—The expenditure incurred by the Secretary of State and the High Commissioner for India on behalf of Provincial Governments is debited to Provincial Revenues under the various major heads concerned at the flat rate of Rs. 10 per £ sterling. The difference between this rate and the actual rate of exchange constitutes a gain or loss by exchange. In their Finance Department Resolution No. 2471-F., dated 20th December 1923, the Government of India decided that the adjustment on account of exchange in respect of expenditure of the non-commercial services which, under the previous orders used to be shown as done under the expenditure head "Exchange," should, with effect from the accounts for 1921-22, be distributed over the various major heads concerned.

2. Expenditure on account of loss by exchange has hitherto been shown as "voted," although a portion of the loss by exchange relates to "non-voted" expenditure. The Auditor-General has suggested that all losses by exchange now brought to account under different major heads may be classified as "voted" and "non-voted," following the classification into "voted" and "non-voted" of the corresponding sterling transactions. His Excellency the Governor accepts the suggestion of the Auditor-General and is pleased to direct, under section 73-D (2) of the Government of India Act, 1919, that the change in classification be introduced with effect from the accounts for 1924-25.

1. Every subject of India who commences post-domicile out of India in foreign service or travels abroad, before leaving, to furnish himself with an authoritative certificate of identity, in the form appended to this Resolution, signed by the head of the district (in a Presidency Town and in the town of Bangalore, the Commissioner of Police) in the case of residents of British India, and by the Political Officer in that of residents of Native States. In the case of a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer (in a Presidency Town and in the town of Bangalore, the Commissioner of Police) or Political Officer in the case of a student.

The possession of a certificate of identity will be specially useful in proving such a case of need, as it may enable the Secretary of State to direct for their relief and other assistance.

3. Those who are desirous, however, of travelling in private where a passport will be necessary are advised to furnish themselves with such a document also before leaving India, in lieu of, or in addition to, a certificate of identity. It should be remembered that no person is entitled to a passport, or a right, on the ground that he is a British subject, and the production before examination of a certificate of identity, unless supplemented by documentary evidence of respectability, is not sufficient to ensure that a passport will be granted.

Dated, the 2nd August 1904.

No. 4087.—The following letter received from the Government of the East Africa Protectorate is published for general information:—

THE SECRETARIES, MUNICI-
PALITY, PORT ST. GEORGE,
JULY 27, 1904.

Sir,

I have the honour to inform you that the Government of the British East Africa Protectorate has given its best consideration to the desirability of enforcing more strictly the provisions of the Immigration Restriction Ordinance, 1900, and the Immigration Restriction Amendment Ordinance, 1902, copies of which are enclosed herewith.

Section 11 of the original Ordinance provided that any person appearing to be a prohibited immigrant under section 5 (a)* might be permitted to enter the Protectorate on payment of a deposit according to a schedule†. In the course of time (if a restriction was shown to be acting as a deterrent in the case of persons who ought well to be admitted to the country, and the amendment Ordinance was promulgated whereby the Immigration Officer was empowered to accept security in lieu of the deposit.

5. In the great majority of cases no security was for the security was made prior to embarkation and in consequence such persons have hitherto been allowed to land in order that they may be given the opportunity of finding a security. This course has led to abuse and is in itself altogether inadvisable inasmuch as the deposit provided by section 11 of the Ordinance of 1900 is payable before landing, and if the security is not taken together with section 5 (1) of the amending Ordinance of 1902, it is clear that the demand for security must also be accepted with before landing.

6. The Government has therefore decided that all immigrants should either make the necessary deposit, or provide the security required, before leaving the ship on arrival in port. The strict enforcement of this regulation will take effect on from the 1st of September 1904 and I have the honour to require that steps may be taken to make this provision known to those persons from whom immigrants in British East Africa usually arrive. Persons who cannot deposit the necessary sum or have failed to find the requisite security will after that date be sent back to India, and the Government of this Protectorate will not hold itself responsible for any expenditure thus incurred.

I have the honour to be,
Sir,
Your most obedient servant,
D. C. BOWEN,
Chief Secretary to the Government.

Local Governments and Administrations are requested to make the information contained in the letter herewith known in so far as possible, particularly in places from which emigrants to British East Africa are likely to be most numerous. Immigrant emigrants should also be warned of the risks they run in purporting to the Protectorate if they are unable, before landing, to deposit the sum of Rs. 50, or to comply with the demand for the requisite security in lieu of the deposit.

* The section prohibits the immigration of any person without visible means of support or any person who is likely to become a pauper or a public charge.

† The deposit required from a holder of India is Rs. 40.

Port St. George, June 25, 1923.

THE PATENT OFFICE, 1, COUNCIL HOUSE SQUARE, CALCUTTA.

Public Hours, viz: 11 A.M. to 4 P.M. (SUNDAY, 11 A.M. to 1 P.M.)

All communications relating to applications for patents and for registration of designs under the Indian Patents and Designs Act (II of 1911), or in continuation of applications under the Patents and Designs Act (V of 1902) must be made in English and addressed to the Controller of Patents and Designs, 1, Council House Street, Calcutta. Documents sent by post should be carefully packed and a full address given in all communications.

3. Directions for the guidance of inventors and others are given in the Patent Office Handbook (free on request) which contains the Indian Patents and Designs Act, 1911, the Indian Patents and Designs Rules, 1912, the Indian Patents and Designs (Temporary Rules) Act, 1915, the Indian Patents and Designs (Temporary Rules) Act, 1918, the Indian Patents and Designs (Amendment) Act, 1920, and the Indian Patents and Designs (Temporary Rules) Amendment Act, 1920, together with current regulations and instructions. These should be consulted before an application is made to the Controller.

4. Advice.—The Patent Office cannot undertake (1) to give opinions on the interpretation of Patent Law, or on the advisability of protecting inventions and designs or on their infringement; (2) to make searches or report of information available in the public domain; (3) to examine and any particular Agent, or (4) to assist in the disposal of inventions. Models are not required unless specially asked for. Drawings must be on tracing cloth and the Rules and Instructions for the preparation of drawings as given in the Handbook should be strictly followed. A provisional patent cannot be secured under the Indian Patents and Designs Act, 1911.

5. Applications are wanted that the Indian Patents and Designs Act, 1911, is in force in British India only, and patents granted under it do not extend to the United Kingdom or any of the British Possessions. The International Convention for the Protection of Industrial Property does not apply in India. For information regarding patents in countries other than India applications should be made to the patent offices in the countries concerned.

6. Fees and payments in advance must be received in the Patent Office within the time allowed by the Act. When cheques are offered in payment of fees, it must be clearly understood that the office cannot hold itself responsible for any delay that may occur in the collection of such on the cheque; any cheque not payable in Calcutta is subject to commission for which due allowance should be made. In cases where it is not possible to have the fees deposited at the Patent Office, it is preferable to send them by money order or postal order payable at Calcutta to the Controller of Patents and Designs, and to advise him that they have been so sent. Stamps will not be received in payment of fees.

7. Trade and property marks and names are not registered and machines are not patented under the Indian Patents and Designs Act. There is no protection of law in British India for their registration. Neither does this Act deal with patents, photographs, etc. for which copyright is obtainable under the Indian Copyright Act, 1914.
